## COVER LETTER

Dear Hiring Manager,

I am writing to express my excitement and interest in the software engineering position at your company. With my strong background in a variety of programming languages and technologies, I am confident that I would be a valuable asset to your team.

As a passionate software engineer, I have several years of experience working with Java and Node.js, and have had the opportunity to develop a wide range of applications. I am particularly excited about my experience with Blockchain technology and have worked with Goerli, Polygon and Ethereum platforms to build decentralized applications. I also have a solid understanding of databases, including MySQL and SQLite, as well as Firebase Realtime/Firestore. I have used Firebase to develop features such as Realtime Database, Firestore, Authentication, Storage, Hosting, Functions, MLKIT, Cloud Messaging, Remote Config, In-App Messaging and Admob.

I am a quick learner and problem solver, and I am always eager to take on new challenges. I am excited about the opportunity to join your company and contribute my skills and experience to your team. I am looking forward to the chance to discuss my qualifications further and learn more about this opportunity.

Thank you for your time and consideration.

Sincerely,

*Shahfayaz Khan*

Shahfayaz Khan
